swiss architecture is commonly conotated with the names of celebrated architects such as marion botta peter zumthor or herzog de meuron and with their iconic buildings yet there is much more to the topic than for example beautiful private houses or spectacular public projects such as museums this new book looks at the swiss variety of co operative housing developments with a special focus on the city of zurich over the past two decades such developments have changed significantly support by public funding and open competitions have helped to design and realise a vast number of highly innovative co operative projects in zurich over that period many of them can serve as well as models for how to meet the constantly increasing demand for urban housing new housing in zurich is the first comprehensive survey of contemporary co operative estates in switzerland s largest city it features some 50 projects by type lavishly illustrated with images and plans thus also providing a typology of multi unit residential architecture essays on the history of co operative housing in switzerland the interplay between co operatives and the city and their impact on urban development on the larger scale on new urban and architectural concepts on co operatives in the post industrial age and on their social dynamics round out the volume

the zurich congress marked a return to the origins of analytical psychology here it was that c g jung lived for the first six decades of this century and developed the school of psychology he came to be known for here too is where many of today s jungian analysts from all over the world received their training and their initiation into the profession as this collection of the complete proceedings attests the theme of open questions drew a bountiful array of intriguing responses and this to the largest gathering of jungian analysts ever more than 800 in all

barcelona offers a prime example of the co housing model as an asset prized for its use value as opposed to investment this book is a compilation of cooperative housing projects in barcelona both complete and under construction it explains how the co housing process is managed in terms of architecture urban planning financing legality and taxation and delves into the experience of living in a community fueled a cooperative spirit the content of the book presents designs for cooperative housing accompanied by a critical vision of the model s implications in terms of the transfer of use or co living finished and inhabited projects are compiled along with ongoing projects to offer a general view of this way of living in barcelona the case studies are explained by members of cooperatives experts and designers who look at aspects of design sustainability construction and urban life this book is a tool for understanding the design and construction of co housing and the community life that goes on there

experiences of the struggle for housing ignited by the lack of social and affordable housing have led to the establishing of shared and self managed housing areas in such a context it becomes crucially important to re think the need to define common urban worlds from below here penny travlou and stavros stavridis trace contemporary practices of urban commoning through which people re define housing economies connecting to a rich literature on the importance of commons and of practices of commoning for the creation of emancipated societies the authors discuss whether housing struggles and co habitation experiences may contribute in crucial ways to the development of a commoning culture the authors explore a variety of urban contexts through global case studies from across the global north and south in search of concrete examples that illustrate the potentialities of urban commoning

emanuel christ and christoph gantenbein together with their teaching staff and students at eth zurich expanded their research on building typology to four more metropolises again in europe latin america and asia 180 buildings were analyzed over the past two years to find inspiration and models that can be adapted for the local context of any given city each example is documented with an image site and floor plans axonometric projection key data and a brief description an introduction and four essays on the interaction between various protagonists and in particular the effect of governing local building regulation again show the potential for contemporary urban architecture the result is again a rich sourcebook of great practical value for students lecturers and practitioners of architecture note de l éditeur

this collection pays unique attention to the highly challenging problems of addressing inequality within decarbonisation particularly under explored aspects such as high consumption degrowth approaches and perverse outcomes contributors point out means and possibilities of the transition from high carbon inequalities to post carbon inclusion they apply a variety of conceptual and methodological approaches in all inclusive ways to diverse challenges such as urban heating and retrofitting richly illustrated with case studies from the city to the

household this book critically examines just transitions to achieve sustainable societies in the future

this book draws on a wide range of conceptual and empirical materials to identify and examine planning and policy approaches that move beyond the imperative of perpetual economic growth it sketches out a path towards planning theories and practices that can break the cyclical process of urban expansion crises and recovery that negatively affect ecosystems and human lives to reduce the dramatic social and environmental impact of urbanization this book offers both a critique of growth led urban development and a prefiguration of ecologically regenerative and socially just ways of organizing cities and regions it uncovers emerging possibilities for post growth planning in the fields of collective housing mobility urban commoning ecological land use urban rural symbiosis and alternative planning worldviews it provides a toolkit of concepts and real life examples for urban scholars urbanists activists architects and designers seeking to make cities prosper within planetary boundaries this book speaks to both experts and beginners in post growth thinking it concludes with a manifesto and glossary of key terms for urban scholars students and practitioners

it is very difficult for the student or practitioner to find their way through the jungle of different personality typographies that has sprung up in the field of psychotherapy and even harder for them to find a point of sufficient height above the forest canopy to get their bearings in order to compare one system with another this volume offers such an observation point together with some possible mappings it surveys how different schools of therapy approach a basic topic the differences that exist between people including their attitudes feelings concerns and talents it examines different systematic and non systematic approaches to identifying different types of human being exploring whether there are systematic ways in which humans vary how we can assess the merit of different typologies and whether personality typing is a helpful approach to therapy character and personality types looks in detail at the arguments for and against the use of typologies of character and personality as a clinical tool and offers general criteria for judging the merits of particular personality systems as well as exploring the possibility of a wider synthesis

a must have for designers not to mention that quirky group in love with type for types sake you know who you are typology is the most visually dynamic compendium of typefaces on the market steven heller and louise fili two of the most admired and respected designers working today cover everything from the classic elegance of the late 19th century to the fractured hypermedia of today organized by historical era and country of origin each section introduces the culture and aesthetic of the period discusses how individual styles developed and offers insights into the artistry of key typographers and foundries expertly assembled and thoughtfully written no other book encompasses this wealth of type styles in historical context its pages are profusely illustrated with hundreds of complete alphabets and such original artifacts as typesheets catalogs broadsides posters and many other primary source examples in all typology is the long awaited type encyclopedia destined to be a standard reference work for years to come

the typological studies of this volume are oriented towards the areas of interests of the russian typologist vladimir p nedjalkov to whom the volume is dedicated they deal with the typology

of verbal categories the book is divided into three parts 1 ergativity and transitivity 2 voice causative and valency 3 tense and mood in all three parts of the volume instances of grammaticalization are pointed out and investigated the studies concern various languages e g english french german russian hungarian dutch tariana a north arawak language from north west amazonia dumi a tibeto burman language and lak a daghestanian language

frankfurt m berlin bern bruxelles new york oxford wien 7 tab 2 graf friedensauer schriftenreihe a theologie bd 4 verantwortlicher herausgeber udo worschech this study seeks to ascertain whether there are indicators of typology within the old testament various elements that comprise biblical typology such as the historical aspect divine design prophetic aspect steigerung intensification and eschatology are traced in a number of texts that deal with the exodus motif chapter 1 surveys the perception and use of typology throughout the centuries up to the present chapter 2 seeks to establish the basic elements that are part of a biblical typology in passages that are directly linked to or describe the exodus in the pentateuch chapter 3 seeks to trace these elements throughout the prophetic writings that deal with the exodus motif this study concludes that there is indeed a type anti type relation that connects the old with the new testament which has various indicators already within the old testament contents approaches to typology indicators of exodus typology in the pentateuch exodus typology and the prophets
