guide is an essential resource for anyone looking to establish strong lasting relationships and build a culture of trust

in building trust robert c solomon and fernando flores argue that trust is not something that simply exists from the beginning something we can assume or take for granted that it is not a static quality or social glue instead they assert that trust is an emotional skill an active and dynamic part of our lives that we build and sustain with our promises and commitments our emotions and integrity

if you want to get a new enriched perspective on how to build lasting relationships and successfully manage your business reading how to build trust is definitely a huge step in the right direction trust is the foundation of life it is what inspires people to productivity creativity compassion and setting up daring goals a life deprived of trust quickly turns into a life rich in limitations doubts and failures where trust is violated or choked skepticism and suspicion become the climate setters and guess what there are no worse enemies to your mental comfort motivation and teamwork than these when skepticism is left to govern inside a relationship team or organization it is like making a hole in your gas tank before hitting the road it will sabotage the journey slowing down and eventually halting the development process and create a climate infected by suspicion thriving healthily in such a climate is simply not possible

most leaders agree trust is important to their organizations however they usually cannot describe what they do to lead or build trust to get ahead in real problem solving and lead trust building leaders must first think differently and decide to take action to create the conditions in their organizations for trust to grow brigadier general ret mark towne shares over three decades of experience leading from the frontline to the boardroom in this groundbreaking approach where trust is not merely a reactive personal feeling or managerial task instead mark shows us how trust building is a fundamental leadership competency we can leverage to create and sustain value build trust first will equip and inspire you and your leadership teams to think about trust building in pragmatic and actionable terms help managers become more effective leaders in trust building and problem solving provide board members and executives with the language and tools for establishing strong cultures of trust develop leaders at all levels of your organization to see themselves and their environments better so they can effectively lead trust building and value creation mark's insights and stories and those of the c suite leaders he interviewed for this book reveal the value of trust leadership in action when you are equipped to lead and make the decision to be a trust leader you can accelerate your business performance improve the lives of the people you lead and create networks of trust leaders who can help you change the world

this volume examines the conditions under which lustration and related transitional justice measures have affected political and social trust building and democratization across twelve countries in central and eastern europe and parts of the former soviet union between 1989 and 2012

this publication sheds light on the important public governance challenges countries face today in preserving and strengthening their democracies including fighting mis and disinformation improving openness citizen participation and inclusiveness and embracing global

responsibilities and building resilience to foreign influence
